CHANGE OF POLICY.

Reform in Making Appointments in the Consular Service by the President.

WILL NOT AFFECT CIVIL SERVICE.

Hereafter He Will Appoint to Important Places Men Who Are Already in the Service.

The Training in Minor Positions Will Render Them More Capable of Filling Places of Greater Importance.

Oyster Bay, N. Y., Sept. 5.—An important change of policy with respect to the making of appointments in the consular service has been decided on by President Roosevelt. He discussed the change Friday with Assistant Secretary of State Francis B. Loomis.

For many years it has been almost the uniform practice of presidents to appoint men to positions in the consular service substantially without reference to whatever previous experience they may have had. Quite naturally the president endeavored always to select for appointment men of integrity and ability, but experience was not a determining factor in the equation.

President Roosevelt, after consultation with Secretary Hay, Assistant Loomis and members of his cabinet, not immediately identified with the state department, has determined to appoint hereafter to important places in the consular service men who already are in the service and have had that experience and training in minor positions which will render them the more capable of filling places of higher grade and greater importance.

The change in policy does not extend the civil service to the consular service, and it does not extend, necessarily, consul's tenure of office at any particular place; but, it is pointed out, it does give reasonable assurance to the manufacturing and the commercial interests of the United States, which, particularly are interested in the extension of the country's foreign trade, that in a comparatively brief time all important consular situations will be filled, not only by men of character and ability, but by men who, by training and experience, are specially qualified to advance the trade interests of the United States.

Mr. Loomis discussed with the president several appointments in the service that are to be made soon. It is understood that all of the appointees will be men who now are filling places of lesser importance in the service. They are to be promoted, and, in turn, their places will be filled by men who have not had the experience they have had.

DINNER TO SIR THOMAS LIPTON.
He Was the Guest of Honor of the Pilgrims of the United States.

New York, Sept. 5.—Sir Thomas Lipton was the guest of honor of the Pilgrims of the United States at a dinner given in his honor Friday night at the Waldorf-Astoria.

Nearly 100 men, prominent in many walks of life, were present. Sir Thomas arrived at 7:40 o'clock, and for half an hour received his friends. Then Sir Thomas, escorted by George T. Wilson, who was to preside, led the way from the reception room to the tables. At either end of the hall was hung Sir Thomas' private emblem, a shamrock on a field of yellow, surrounded by a green border, while above the guests' table were draped the flags of Great Britain and the United States. Bunches of red roses on each table and the ferns on the walls completed the decorations.

PROF. LANGLEY'S AERODROME.

The Port Propeller Wrecked Itself Among the Rods and Bars.

Widewater, Va., Sept. 5.—The prospective launching Friday afternoon of Prof. Langley's big aerodrome was abandoned at 4 o'clock, after the port propeller, revolving about 600 times a minute, had wrecked itself among the rods and bars of the machine. Both blades of the propeller were torn to small pieces, and one, a main supporting rod of the airship, was bent to a right angle. Other slight damage was done. The accident was the result of a change occurring in some unexpected manner in the orbit of the blades. But for the prompt action of Prof. Langley, who was in the navigator's car, the aerodrome might have been hurled from the superstructure and wrecked.

Four Hundred Bulgarians Killed.
Salonica, Sept. 5.—In a battle at Lake Rapela the insurgents were defeated, 400 being killed.

BACON'S SECOND REPRIEVE.

The Condemned Man Narrowly Escaped Lynching at Chase City, Va.

Boydton, Va., Sept. 5.—Doc Bacon, a Negro, who was sentenced to be hanged last Tuesday, was reprieved the night before until Friday to allow time for examination of new evidence in his favor. The preparations for his execution had been completed Friday and religious services were being held in his cell before the march to the scaffold, when a telegram from the governor respiting him for 30 days was received. When the sheriff attempted later to take his prisoner back to Petersburg he was opposed by a mob from Chase City who demanded the prisoner be not removed. A posse was summoned to the jail to protect the Negro, and a clash seemed imminent. Finally Judge Holman persuaded the mob to allow the Negro to be taken away. Bacon was to have been hanged on Tuesday with Anderson Finch. They were convicted of assault on an old lady at Chase City.

RAILWAY EXPRESS EMPLOYEES.

A General Strike Throughout the United States is Threatened.

Chicago, Sept. 5.—A general strike of railway express employees throughout the United States is threatened because of the refusal of six of the largest companies in Chicago to consider demands made by the Brotherhood of Railway Express Men two months ago.

It was announced Friday that the men are preparing to strike, the fight to be directed particularly against the United States Express Co. While it is the aim of the rank and file to tie up the local agencies of all the principal express companies, leaders in the organization declare that the strike will spread to all agencies of the United States, and that the 8,000 employees of the United States Express Co. will be involved unless some recognition of the demands made by the union is forthcoming.

TRAFFIC AT AN END.

Eight Thousand Employees on the River Front Locked Out.

New Orleans, Sept. 5.—Eight thousand men employed on the river front have been locked out by the steamship companies and a struggle for supremacy began between the New Orleans Steamship association, comprising every steamship line entering this port, and the Longshoremen's, Stevedores' and Freight Handlers' unions.

The unions demand more pay, fewer hours and the enforcement of certain regulations for loading and unloading vessels. The steamship lines declare that the demands of the unions are unreasonable and unjust.

NEGRO ASSAULTED A WOMAN.

Finding Escape Was Impossible He Drowned Himself in the River.

Kansas City, Sept. 5.—An unknown Negro was caught Friday afternoon in the act of assaulting Mrs. Margaret Gorahn, a white woman, in her home at Armourdale, Kan., a suburb. He fled, chased by a crowd, and when he realized that escape was impossible, drowned himself in the Kansas river, jumping overboard from a rowboat in which he was trying to gain the Missouri side. The Negro had been in Mrs. Gorahn's house for three hours, and had repeatedly choked her to make the woman give up her money. She will probably recover.

NATIONAL MINE WORKERS.

The Quarterly Report of the Auditing Committee.

Indianapolis, Ind., Sept. 5.—The auditing committee of the National Mine Workers of America Friday submitted its quarterly report to Secretary-Treasurer Wilson. It shows 325,000 members. The figures show the membership as follows: In 1897, 9,731; in 1898, 32,902; in 1899, 61,887; in 1900, 115,521, and in 1901, 198,024. Of the 325,000 men less than 2,000 are out on strike. The miners now have \$999,610.94 in their treasury.

LARGEST MAN IN THE WORLD.

Joe Grimes, Who Weighed 754 Pounds, Died in Cincinnati.

Cincinnati, Sept. 5.—"Big Joe" Grimes, said to be the largest man in the world, is seriously ill at the home of his brother at 2346 Ohio avenue. Mr. Grimes is 34 years old, 6 feet 4 inches tall and weighs 754 pounds. His brother, Dr. J. F. Grimes, is attending him, and attributes his illness to his excessive fat. His body and limbs are of ponderous proportions. Joe Grimes, the "biggest man in the world," died Friday night at 8 o'clock at the home of his brother, 2346 Ohio avenue.

ARRIVE AT BEIRUT.

The Cruisers Brooklyn and San Francisco of Adm. Cotton's Squadron Are There.

TO PROTECT AMERICAN INTERESTS

What Disposition Will Be Made of the Vessels Has Not Yet Been Fully Determined.

United States Must Insist on the Porte Listening to Representatives Regarding American Converts or Drop the Missionaries.

Washington, Sept. 5.—Minister Leishman Friday informed the state department that some of the European powers have landed marines in Constantinople. If the lives of Americans there become endangered, the United States government also will send a detachment of marines to Constantinople.

The disposition of the cruisers Brooklyn and San Francisco, of Adm. Cotton's squadron, which arrived at Beirut Friday, has not yet been finally determined by the administration. Nor orders regarding the future movements of the vessels have been sent to Adm. Cotton, and much will depend on the character of the report he makes concerning conditions in and about Beirut and on the representations which may come from the minister as to the necessity for the presence of American war vessels in Turkish waters to look after the protection of the interests of the citizens of the United States in the sultan's domain.

London, Sept. 5.—The Morning Post publishes a letter from its Constantinople correspondent in which he discusses the Beirut affair, and the position of the American missionaries in Asia Minor.

He says: "Things have arrived at a crisis. The United States must either insist on the porte listening to its representatives regarding American converts or drop the missionaries altogether. The latter course is naturally impossible and the sending of a squadron has great significance as showing a determination on the part of America to take any active part in the Turkish question. One result of this step will probably be to induce the sultan to raise his representative at Washington to the rank of ambassador so that the United States can be equally represented here. At present America is at a decided disadvantage in this respect compared with the other first-class powers. Nobody can foresee the ultimate attitude of the United States, but it is almost certain that her weight will incline on the side of the Christian against the Turk. At the same time as a matter of importance to Great Britain, America is almost bound to oppose the descent of Russia on the Dardanelles because in religious matters the Turk is more tolerant than the Russian."

THE NEXT REUNION.

Society of the Army of the Cumberland Meets October 14 to 16.

Washington, Sept. 5.—Gen. H. V. Boynton has issued a circular to members of the Society of the Army of the Cumberland informing them that the next reunion of the society will be held in Washington on October 14 to 16, and that the society will participate in the dedication of the statue of Gen. W. T. Sherman on October 15. The dedication of the Sherman statue will be the first reunion of the great army societies since the war.

EX-STATE AUDITOR INDICTED.

He is Charged With Irregularities During His Term of Office.

Denver, Col., Sept. 5.—The special grand jury Friday reported indictments against Charles W. Grouter, formerly state auditor, and W. Cary Munsell, his chief clerk. Munsell is accused of embezzling \$8,000 of flat tax money and the former auditor is charged with making no effort to collect this or to turn over other flat tax money which he collected. There are 19 counts in the indictments.

STRANGLER KNAPP'S CRIMES.

He Says the Confession He Signed is Absolutely True.

Columbus, O., Sept. 5.—Alfred Knapp, the strangler, said Friday that the story of his crimes that he prepared and signed was absolutely true, and he had no amendments to make. "I don't care to do a thing to change the course of things," said he, "and don't care how soon the end comes. I have got all the nerve there is and could sit down in the chair now and push the button myself."

THE ROACH STORY.

Claim That He Could Clear Caleb Powers Discredited.

Georgetown, Ky., Sept. 5.—One Roach, who has been living in El Paso, seems to have created quite a sensation Thursday in Jaurez, Mexico, by the statement that ex-Gov. Taylor and Caleb Powers would be willing to give \$100,000 for his head, and that he is in possession of papers which, if made public, would clear Caleb Powers and condemn ex-Gov. Taylor.

The only connection of the Roaches with the Powers case so far as is generally known is, that Mrs. Roach was at this and at former trials a witness introduced to prove that Caleb Powers prior to the circumstances which culminated in his arrest had assumed all responsibility for the bringing to Frankfort of the mountain men. Mrs. Roach was Miss Sudie Snuffer, a resident of Eastern Kentucky, and identified a letter received by her from Caleb Powers. The claim of each that friends of Powers offered Mrs. Roach \$5,000 to disappear until after Powers' trials is not believed here. His statement that what they knew would clear Powers and condemn Taylor is not in keeping with such conditions. A press correspondent interviewed Mr. Powers at the Georgetown jail Friday. Mr. Powers was asked as to the truth of Mrs. Roach having in her possession papers which would prove his innocence. His reply was, "I know nothing about the Roach story. All I have to say is, that somebody somewhere has information which, if given out, would clear me. Somebody killed Mr. Goebel, that we know. If the guilty parties would only come forward and tell the truth I would soon be a free man."

GEORGETOWN UNIVERSITY.

Dr. J. J. Taylor, of Norfolk, Va., Was Elected President.

Georgetown, Ky., Sept. 5.—The board of trustees of Georgetown college met Friday at 1 o'clock. The name of Dr. J. J. Taylor, of Norfolk, Va., was presented by the nominating committee, and was the only one presented. After much opposition was shown a vote was taken and stood 10 for Dr. Taylor and 9 against him. The minority made no motion to make the election unanimous and the vote stands. It is claimed that had there been a full board the anti-Taylor people would have won out by two votes. Eight years ago when there was a vacancy caused by the death of Mr. Dudley, Dr. Taylor was unanimously elected to the presidency. At that time he declined. Dr. Taylor receives his election at the hands of the non-resident trustees, the local members being against him, because of a knowledge of local conditions.

DETAINED AGAINST THEIR WILL ALLEGED.

Bowling Green, Ky., Sept. 5.—Dr. J. French Duncan is charged in two cases with detaining a woman against her will. They are mother and daughter. The warrants were sworn out by H. Cox, husband and father of the women in question. Dr. Duncan Friday waived an examining trial. The defendant is a member of one of the best families here and is married.

Coal and Mineral Lands Sold.

Pikeville, Ky., Sept. 5.—Fifteen thousand acres of the finest lands, embracing valuable coal and other mineral deposits on Pond creek, in Pike county, was sold Friday to New York capitalists. It is reported that 30 miles of railroad, which will connect with the C. & O. here, is to be built and the tract developed soon.

Sues For \$20,000 Damages.

Covington, Ky., Sept. 5.—The L. & N. Railroad Co. was made defendant in a \$20,000 damage suit filed by J. W. Ayers in the Kenton circuit court. Plaintiff avers he attempted to get off a train in Central Covington, when it suddenly started, throwing him under the wheels, causing him to lose a limb and part of a foot.

Placed Under the Knife.

Louisville, Ky., Sept. 5.—An operation on Congressman John S. Williams, of Yazoo City, Miss., who has been agreed upon as democratic leader in the next congress, was performed at Gray Street infirmary Saturday morning. Dr. J. M. Mathews was in charge of the operation.

Negro Cook Crushed to Death.

Covington, Ky., Sept. 5.—Charles Miller, a Negro cook employed by the C. & O. railway, was instantly killed Friday morning near Twelfth and Washington street. Miller was passing between two coaches at the time the train crew were making up a train.

President Will Not Attend Maneuvers.

Louisville, Ky., Sept. 5.—President Roosevelt will not attend the autumn maneuvers at West Point, Ky. In a dispatch to the Herald Secretary Loeb announces that the invitation can not be accepted. Other engagements will prevent his presence.

AN OHIO MAN WON.

All Previous Records in Number of Contestants For the Wimbledon Cup Broken.

OVER 100 RIFLEMEN REPORTED.

Capt. Richards in the Famous Trophy Match Scored a Total of 91 Out of a Possible 100.

Capt. Springstead, of New Jersey, Scored a Total of 95 Out of a Possible 100 and Won the Prize Badge and \$25.

Seagirt, N. J., Sept. 5.—All previous records in the number of competitors in an individual contest were broken Friday when 113 riflemen reported at the firing line to compete in the Wimbledon cup match for the famous trophy presented by the National Rifle association of Great Britain, to be shot for under the auspices of the National Rifle Association of America. The winner received a medal and is entitled to hold the cup for one year. The contest was open to all citizens and residents of the United States. Each competitor was required to fire 20 shots at 1,000 yards. The use of any rifle was permissible. The firing began at 10 o'clock Friday morning, and was not concluded until nearly dark.

The cup was won by Capt. Richards, of Ohio, who scored a total of 91 out of a possible 100.

The other individual event of Friday was the match open to all inspectors and ex-inspectors of rifle practice. The distances were 500 and 600 yards, 10 shots by each competitor at each distance. The use of any military rifle was permissible.

Capt. Springstead, of New Jersey, scored a total of 95 out of a possible 100 and won the prize badge, to be held by him for one year, and \$25 in cash.

The events scheduled for Saturday are the skirmish team match and the revolver team match. The former is open to teams of six men from the regimental battalion and separate company organizations of the organized militia and naval reserve of the several states and from the United States army and navy and marine corps.

The first prize is a trophy valued at \$350 with a second prize of \$25 in cash. The trophy has been won twice by the Second regiment, District of Columbia. Any organization winning it three times will be entitled to hold it permanently.

The revolver team match is open to teams of five men. The winning team will secure a trophy, a medal for each team member, and \$50 in cash. There are three other cash prizes.

A detachment of riflemen representing the state of Michigan arrived here Friday. The detachment from Georgia is due Sunday and two teams representing respectively the cavalry and infantry arms of the regular army are expected next Monday. The army teams are now at Fort Sheridan, Ill.

It would be hard for any Republican to tell what the brothers of Goebel or any one else would gain by the punishment of the "wrong man," for the infamous crime against society in the assassination of the young Governor.

When Yontsey was convicted the Republicans claimed he was the wrong man, and now they say Powers has been wrongly convicted. If these Republicans are so well informed about the hellish plot why don't they proclaim the "guilty" ones to the world?

The Cincinnati Times-Star has not yet accepted the offer of \$500 to publish the evidence in the Powers case, nor the \$100 additional offer to publish the testimony of ex-Governor Bradley in the Garnet Ripley case. Like other Republican papers, the Times-Star would rather that record of crime should not be read.

TAYLOR "HORRIFIED."

"It is fortunate," remarked the Public Ledger Friday, "that newspapers outside of Kentucky are directing attention to the monstrous verdict in the Powers case." Yes, here is something from the Columbus (O.) Press, that may not be re-published in the Ledger, so it is given space in the BULLETIN:

Governor Taylor is horrified that this pal, Caleb Powers, should be convicted the third time on the charge of being accessory to the assassination of Governor Goebel. And Taylor sticks closer than ever to his protector, Governor Durbin.

Can't we have another letter from President Roosevelt to the protector of the Kentucky fugitive favoring "proper administration of the laws to secure swift vengeance upon the criminal" when the crime is the same as that which raised Mr. Roosevelt to the Presidency.

After the Evansville riot our spectacular President, seeing an opportunity to manufacture thunder for the campaign of 1904, seized his pen and indited a characteristic letter to the Governor of Indiana in which he used some strong language. Ponder on this sentence: "The slightest lack of vigor in denouncing the crime, or bringing the criminal to justice is in itself unpardonable." Analyze this sentence: "We must show that the law is adequate to deal with crime by freeing it from every vestige of technicality and delay." Roll this around in your brain-pan for a few moments: "The law must work swiftly and surely and all the agents of the law should realize the wrong they do when they permit justice to be delayed or thwarted for technical or insufficient reasons." The President's anathema is addressed to mob violence at Evansville. But what is the difference between mob violence in Indiana and mob violence in Kentucky? What is the difference between "an awful crime" at Evansville and the assassination of a Governor at Frankfort? For it was mob violence that Taylor incited in Frankfort to steal an office, and Caleb Powers was one of his accessories. Why should not the murderer of a Governor be dealt with the same as the murder of a President of the United States? It is only the conviction of Powers. Czolgosz was horrified when his fate was made known to him. So long as Taylor hides like a coward in Indiana all his protestations of innocence are hollow mockery, and his declaration that "Caleb Powers is an innocent man" is nothing short of frenzied pleading for a companion in crime. If Taylor knows that Powers is innocent, he knows who is guilty of the diabolical crime, and his flight to Indiana is indicative of the identity of the chief conspirator if not the actual assassin.

About 10,000,000 bushels of coal is loaded ready for shipment from Pittsburgh, but it is in boats that require a stage of ten feet.

An exchange says Captain Tom Hall will sell his towboats Convoy, Jack Frost, Douglas Hall and barges to the H. P. Dilworth Coal Company, of Pittsburg. This will also include an interest in three coal mines in the Pomeroy Bend.

Louisville Post: "An inquiry has come to The Evening Post from Maysville asking the names of the steamers, and some information regarding their type, that formed the line between Louisville and Wheeling, many years ago. They were the David White, Alvin Adams, Falls City, Thomas Swann, Baltimore and City of Wheeling, all double first-class sidewheelers, none of which was less than 290 feet long. All six were constructed to run in connection with the Baltimore and Ohio railroad, whose western terminal at that time was Parkersburg; but the steamboat line went up as far as Wheeling. There never was a more expensive line of river steamers on any river of the world than these, neither costing less than \$220,000; yet the Louisville and New Orleans line's craft were equally as fine, with twenty-five hummers on the track. The line flourished in splendid style for a long time, but eventually the railroad made further leaps towards the setting sun, and the Louisville and Wheeling line of river steamers passed into history."

The case of Curt Jett for killing James Cockrell will be called at Cynthiana Tuesday.

The story of the family is one of the most romantic in the Pacific islands. Wing Ah Fong, father of thirteen girls, of whom seven married Caucasians, was a Chinaman who came to Honolulu in 1858. He amassed a fortune in the silk and bric-a-brac trade, and became several times a millionaire through investments in sugar plantations. Walter Brewster is twenty two years old, and a son of Kenderton S. Brewster, of Elizabeth, N. J. He is a grandson of the late United States Senator James W. PITHY POINTS.

It's prosecution, not persecution, that Taylor fears.

Yontsey and Howard have immensely the advantage over Caleb Powers now.

The trouble was that Powers took the wrong road after leaving that Sunday school.

Taylor had a much better reason for not wanting to be returned to Kentucky than any that was urged by Durbin.

Durbin will be commended in some quarters now for his wisdom and prudence in refusing to deliver Taylor and let him take chances along with Powers and the rest.

When a man, black or white, starts out with a pistol, it is with the intention to kill anyone who interferes with him. A pistol at the hip usually means murder in the heart.

It would be an extra hazardous risk the white people of Kentucky would assume in turning the State over to Republicans, General Buckner to the contrary notwithstanding.

It wasn't because of a Democratic jury nor because of a Democratic Judge that Powers finds himself finally landed at the gallows, but because of his lust of power, lust of place, lust of preferment and lust of blood.
